# PROTECTIVE & MARINE COATINGS

## PROTECTIVE

As a worldwide leader in asset protection, Sherwin-Williams Protective & Marine is committed to developing and delivering innovative coating technologies and unparalleled services to help you stay competitive within your industry. Whether you need passive fire protection from our world class FIRETEX® range, or high performance, anti-corrosive coatings solutions, our business is about protecting your business.

## CONSULTATIVE

As your partner, Sherwin-Williams NACE and ICorr certified Technical Service staff are available to provide on-site support anywhere in the world. From bespoke specifications, site surveys, or technical assistance, we can be your total solutions partner, supplying complete backup at all stages of your project.

## LEADING INNOVATIONS

As a leading coatings technology innovator, we are continuously introducing new products to meet the evolving needs of our customers.

- Return to service faster with rapid cure technologies.
- Deter premature corrosion and extend service life with edge retentive coatings that minimise the need to radius sharp edges where corrosion starts.
- Minimise downtime and extend the painting season with moisture tolerant coatings that can be applied over damp surfaces and in humid environments.
- Meet or exceed corporate sustainability goals with our environmentally responsible products.
- Reduce coating costs with high performing technologies at lower dry film thickness (DTF).

## COMPREHENSIVE

We make it our mission to know your business so that we can exceed your expectations. Our customer-centric approach allows us to deliver the best, most reliable and innovative products and services to our partners. Throughout Europe, Africa, the Middle East and India we focus teams on the Marine, Oil & Gas, Bridge and Highway, Commercial Infrastructure, Flooring and Mining industries, providing our customers with the highest level of industry-relevant expertise and comprehensive support.

## GLOBAL SOLUTIONS AND DISTRIBUTION

Sherwin-Williams is committed to supply chain excellence. Our dedicated team works to ensure that we consistently achieve the benchmark of world class supply chain performance. With vast and growing distribution capabilities, we aim to deliver on time and in full, every time.

## WORLD-CLASS RESEARCH AND DEVELOPMENT

Each year we invest in the development of technologies that are more durable, more cost effective, more reliable, and more environmentally responsible. On average, we spend over 83,000 hours per year on product performance testing alone. At our UK based FIRETEX® Test Centre, complete with three state-of-the-art furnaces, our range of intumescent coating systems are put through rigorous tests to ensure optimal performance.
